QUICK START GUIDE

WiFi 6 AX3000 PCI-E Adapter

WAVLINK (@WavlinkOfficial)
WAVLINK SUPPORT (@WavlinkTechSupport)

WL-WN675X2

Introduction

Wavlink dual band PCI-Express adapter is an AX3000 wireless adapter for desktops that supports the latest Bluetooth 5.0. The wireless adapter features stable signal, high speed rate and high performance.

With 1024-QAM and MU-MIMO technology, WN675X2 delivers wireless signal faster and more effective by cooperating with an MU-MIMO compatible router.

Compliant with 802.11 ax specification, the wireless adapter supports 2.4G and 5G bands with maximum data transfer rate 3000Mbps.

In the box

1 x WiFi 6 AX3000 PCI-E adapter
1 x Paper CD of driver links
1 x Bluetooth cable
1 x Quick start guide
1 x External antenna
1 x Low profile bracket

System requirements

- Microsoft Windows 10 64 bit or later

Installation

1. Unplug your PC and remove the case panel.

2. Connect the Bluetooth cable to the adapter.

3. Find the corresponding PCI-E slot, then inset the adapter carefully.

4. Find an available **F_USB slot** then carefully connect the adapter to it.

5. Mount the external antenna to the adapter base, then connect the adapter base to the adapter.

6. At last install back the PC case panel then you can get ready to install the driver.

Internal Magnet

The adapter can be absorbed on the case panel for its internal magnet.

Driver setup

After installation, please visit the following website to download the latest driver for PCI-E adapter.
www.wavlink.com> SUPPORT> DRIVER> Wireless> PCI-E Adapter

1. Unzip the file then you'll see two files, *BT_xxx_Win10.exe* is for **bluetooth** and the other *WiFi_xxxx_Win10.exe* is for **windows**. Please double-click the one for windows.

2. Then installer requires you to click "Next" for further setup.

3. Now please agree to the license terms and conditions.

4. Please wait patiently for the installer to complete the setup process.

NOTE:
Firstly you need to find the right WLAN name of your WN675X2 then you can set it up if necessary, you can change the name in "Network Connections".

FEDERAL COMMUNICATIONS COMMISSION INTERFERENCE STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
