### Introduction

This USB-C 8-in-1 hub is an integrated and compact solution of USB ports, SD card slots and an HDMI port. It can be of a great companion when you need to connect an external monitor; on the other hand, all USB peripherals and SD cards are supported with a single USB-C connection to your laptop.

### Specification

- The USB-C port supports USB power delivery with maximum 100W for both upstream and downstream devices.
- 3 x USB 3.0 ports for USB-powered devices and downward compatible with USB 2.0.
- The HDMI 1.4 port supports the maximum resolution "3840 x 2160 @30Hz".
- The SD & Micro SD cards can read and write data at the same time.
- No driver needed for this hub.
- Aluminum external case is the ideal material for heat dissipation.
- The compact design and size is easily portable.

### Display Settings

#### For Windows Users

1. Right click at any spot on your desktop and select "Display settings".

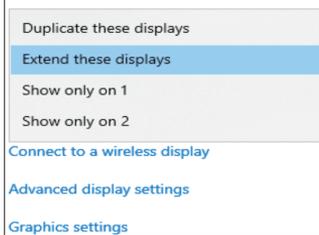

2. In "Display", please select either monitor 1 or monitor 2.

2

3. Scroll down to the "Multiple displays", and select the mode in the drop-down list that is fit for your need.

#### Multiple displays

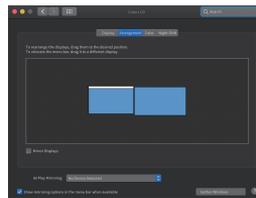

#### For Mac OS Users

1. Select "System Preferences" and choose "Displays".

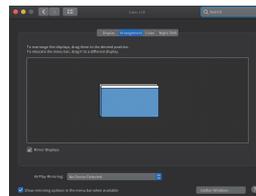

3

2. Click on "Arrangement" to change the position of displays currently connected.

Extend Mode

3. To use the mirror mode, you have to mark the "Mirror Displays" box below the central icon.

Mirror Mode

4

### Precautions

1. HDMI video output: Please make sure the USB-C port of your device (laptop/mobile phone/tablet PC) supports video output function.
2. The USB-A data transfer port does not support Apple SuperDrive/Nintendo, and is not recommended for charging iPad and other pads.
3. Due to the power output limitation of some laptops, it is recommended to connect only one HDD/SSD external hard drive at one time.
4. For safety, please use original or third-party certified chargers/adapters and cables to charge the laptop.
5. Only mobile phones and tablet PCs with PC mode support both extended and mirror modes.

### System Requirements

- Windows 7, 8, 10 or later
- Mac OS X 10.11 or later
